Appendix B — Theme scorecards and history baskets

Each housing theme's track record, with its history basket: what similar ideas did before. Baskets describe the record; they are not advice. Counts cover the 135-bill policy set.

BUILDING MORE HOMES: ZONING AND LAND USE

56 bills · 18 became law · basket: **Often moved before** · certainty: high

Supply-side zoning began passing in 2024 (HB1400's conversions/parking/fast-track package, 205-149 on the conference report) and accelerated in 2025-2026 (HB631, HB457, HB1010, HB1588). The certified record shows the long run-up: parking caps (HB1098 2022), single-family lot bills (HB132 2021/2022, HB1087 2022), workforce-housing zoning powers (HB1238 2022), and homes-in-commercial-zones (HB1053 2024) all died first. Statewide density mandates keep failing: HB341 (2021) and HB1177 (2022) died in committee/on the table, HB44 (2023) was crushed 117-232, and HB1399 (2024) passed the House 220-140 only to sit in Senate interim study. Development-approval vesting reform (HB1215 2024) died when its conference report was rejected 102-261.

Examples: 2024 HB1400, 2025 HB631, 2022 HB1098, 2023 HB44, 2024 HB1399, 2024 HB1215

ACCESSORY DWELLING UNITS (ADUS)

14 bills · 2 became law · basket: **Got support but didn't finish** · certainty: high

A steady escalation: an ADU property-tax exemption (HB1510 2020) and an ADU rules bill (HB189 2021) died; ADUs-by-right died on the table in 2023 (HB423); the two-ADU mandate passed the House 220-143 in 2024 (HB1291) and died in the Senate. What finally passed is narrower: HB577 (2025) broadened the definition to detached units and HB1079 (2026) opened non-conforming structures. Financing bills (HB604, HB1662) have not passed.

Examples: 2020 HB1510, 2023 HB423, 2024 HB1291, 2025 HB577, 2026 HB1079

STATE HOUSING MONEY AND PROGRAMS

56 bills · 12 became law · basket: **Mixed** · certainty: high

The pattern holds across seven years: standalone money bills die while the dollars ride HB2. Failed standalone: AHF appropriations (SB15 2020; SB152 2021, Senate 24-0), the workforce-housing density tax credit (SB475 2020), affordable-housing incentives (HB1632 2020, HB586 2021, SB400 2022), CDFA housing bills (HB1617 2022), the homeownership innovations fund (SB202 2023), transfer-tax increases (SB454 2024, tabled 180-176 by division; HB530/SB81 2025), rental-housing loan programs (SB384 2024), the historic housing credit (SB364 2024, interim study), and inclusionary-zoning/opportunity-zone expansion (SB224 2023-24, interim study). Enacted via HB2: \$25M AHF (2021 and 2023), \$10M InvestNH, Housing Champion, Partners in Housing.

Examples: 2020 SB15, 2021 SB152, 2024 SB454, 2023 SB231, 2024 SB224, 2026 HB1042

RENTING: COSTS, FEES, AND RULES

42 bills · 4 became law · basket: **Rarely moved before** · certainty: high

Forty-two bills, four laws - and the enacted ones are notice-and-disclosure, not price rules. Became law: application-fee disclosure with refunds of excess over documented costs (HB283 2024), shared-living rentals legalized (HB360 2021), optional electronic rent payment (HB309 2025), and the renters' EV-charging study (HB111 2023). Died, usually in the House: rent-increase notice three times (HB160 2021, HB1200 2022, HB567 2023), the rent registry twice (HB422 2023, HB558 2025), application-fee limits repeatedly (HB1408 2022, HB283's 2023 first-year version, HB1371/HB1375 2026), rent stabilization enabling (HB1362 2024), municipal rental regulation (HB95 2023, 301-63), and the price-fixing-software bans (HB1612 2026).

Examples: 2024 HB283, 2024 HB1362, 2023 HB422, 2022 HB1408, 2025 HB309

EVICITION AND TENANT PROTECTIONS

29 bills · 4 became law · basket: **Rarely moved before** · certainty: high

Two kinds of law passed: procedure (SB126 2021 landlord-tenant courts; HB1598 2026 eviction notices) and one substantive protection - HB261 (2024) lets tenants end a lease in domestic violence situations. The landlord-side push also repeats: ending tenancies at lease expiration was filed four times (HB227 2021-22, HB117 2023, HB1115 2024 interim study) and eviction-grounds expansion passed the House in 2026 (HB1499) before dying in conference. Tenant-side bills keep dying: voucher discrimination three times, renovation-eviction limits twice (HB401 2023, SB519 2024), eviction legal-counsel notice twice (HB379 2023-24), Section 8 tenant protections (HB1672 2024), and the COVID-era protections (HB1247 2020 vetoed; HB550 2021 died).

Examples: 2024 HB261, 2021 SB126, 2022 HB227, 2024 SB519, 2020 HB1247

HOMELESSNESS AND HOUSING STABILITY

Shelter funding passed standalone once (SB406 2024, \$2.5M for shelter rates); the larger sums ride HB2 (\$10M in 2023, \$5M/yr opioid-fund money in 2025). Died: SB415 (2022, tabled 13-11), SB410 (2024) and its 2025 retries SB113/SB114 at Senate deadlines, emergency housing assistance (HB512 2021), and municipal indemnification for homelessness policies (HB1544 2024, HB490 2025). The Council on Housing Stability was codified (HB503, 2022) and updated (SB179 2025); recovery-house rules passed in 2021-2022 (HB377, SB223).

Examples: 2024 SB406, 2024 SB410, 2022 SB415, 2021 HB503, 2021 HB512

MANUFACTURED, TINY, AND FACTORY-BUILT HOMES

18 bills · 5 became law · basket: **Mixed** · certainty: medium

More law here than anywhere on the resident-protection side: park-sale regulation (SB210 2022), sale notice in resident-owned communities (SB166 2025), realistic-opportunity siting requirements (HB1361 2024), rulemaking authority (SB306 2024), and - after tiny-house building-code bills died in 2020, 2021, and 2022 (SB482, HB588, HB1068) - tiny houses and yurts legalized in 2026 (HB1681). Still failing: park lot-rent fee bills (SB33 2023-24), park-sales penalties (SB101 2023-24), by-right manufactured housing (HB685 2025), and the Board of Manufactured Housing fight (SB203 2023 died; HB2 2023 repealed the board; SB318 2024 vetoed).

Examples: 2022 SB210, 2024 HB1361, 2026 HB1681, 2020 SB482, 2023 SB203

LAND USE BOARDS, APPEALS, AND THE COURTS

41 bills · 4 became law · basket: **Mixed** · certainty: medium

The Housing Appeals Board has been under siege since it opened: repeal-or-replace bills in 2020 (SB721, SB735, SB487), 2021 (HB288), and 2022 (HB1216, HB1254, HB1307) all died; a 2024 bill to merge it into the Board of Tax and Land Appeals (HB1651) died too - and then HB2 2025 restructured it anyway. Enacted: recusal rules (HB92 2025), abutter definitions (HB1359 2024), BT/LA/HAB appointment changes (HB1456 2024), and the planning-board deadline extension (HB332 2021). The land-use court docket took three standalone tries (HB1389 2022, HB347 2023-24) and finally passed inside HB2 2023 (79:371). Board training died five times (2020, 2021, 2022, 2023, 2026).

Examples: 2020 SB735, 2024 HB1651, 2024 HB1456, 2022 HB1389, 2023 HB636

HOUSING STUDIES, PLANS, AND DATA

13 bills · 4 became law · basket: **Often moved before** · certainty: low

Study vehicles fare best: the zoning enabling act commission (HB399 2025), housing investment trust study (HB633 2025), disability-housing study (HB1168 2024), and landlord-tenant mediation study (HB235 2023) all passed, and the Senate adopted SR10 (2023) urging federal housing money. The barriers-to-development commissions (SB329 2022, SB47 2023) died between the chambers; the 10-year strategic housing plan (HB1814 2026) stayed on the table.

Examples: 2025 HB399, 2024 HB1168, 2023 HB235, 2022 SB329, 2026 HB1814

Appendix C — Roll-call votes and support

Every floor roll call recorded for bills in the set, from the official General Court vote database. NH decides most bills by voice vote, so a bill with no row here still had floor action. Party splits show yes–no within each party where the roster records one (‘?’ = party not on record). Votes on HB2 (Appendix H) are on the whole budget trailer.

Appendix D — Sponsors and people

Sponsors come from the official database (2025–2026), official final-text pages (2020–2021), and the OpenStates bulk sponsor files (2020–2024); where the bulk files carry no prime flag, the first-listed sponsor is treated as prime (New Hampshire lists the prime sponsor first). Party labels exist only on the 2020–2021 and 2025–2026 layers. No judgment of any legislator is implied — these are counts of who filed what.

Appendix F — What this data can and cannot say

Plain-language limits of the collected record. Anyone quoting the brief should know these.

Bill discovery is certified complete for the issue vocabulary: 2020-2024 was collected from the OpenStates bulk CSVs, a full mirror of the official docket (5,467 bills), and every bill in those five sessions was additionally swept with a wide-net housing vocabulary; all matches were either included or individually reviewed and categorized as out of scope ([certification-report.json](#)). 2025-2026 comes complete from the official state database. A housing bill could be absent only if its title avoids the entire wide-net vocabulary. Bills that span a biennium (e.g. filed 2023, decided 2024) appear once per year in the annual files; first-year records are marked carryover duplicates and counted once.

Sponsor names now exist for most bills (SQL for 2025-2026, official final texts for 2020-2021, bulk files for 2022-2024); party labels are only on the SQL and final-text layers, so cross-party counts understate the true number.

NH kills most bills by voice vote or on the consent calendar; a bill with no roll call is not necessarily uncontroversial.

Committee votes appear only where a committee report recorded them (e.g. 'Vote 10-8; RC' in the docket); there is no complete committee-vote table.

Roll-call party splits use the legislators table; a few older ballots have no party on record (shown as '?').

Dispositions for eight older bills rest on archived dockets or cited news/official research rather than the SQL database; each such record carries its citations in [dispositions.json](#).

HB2 votes are on the whole budget trailer; they are never attributable to a single housing section.

The full machine-readable record — bills, votes, ballots, dockets, HB2 sections, and per-claim evidence — lives in the repository under [sources/new-hampshire/housing-affordability/](#) and [working/new-hampshire/housing-affordability/](#).

Appendix G — Bill-by-bill grid: sponsors, chamber votes, governor

One row per bill: year, number, subject, prime sponsor, each chamber's decisive floor vote, and the Governor's action. New Hampshire decides most bills by voice or division vote, which record no tallies — those cells say so rather than invent numbers ('—' means the bill never reached that chamber). Every recorded roll call, with party splits, is in Appendix C; where each bill ended is in Appendix E. Prime sponsors for 2022–2024 come from the OpenStates sponsor files; where those files carry no prime flag, the first-listed sponsor is shown (New Hampshire lists the prime sponsor first).

Appendix H — Inside the budget trailer (HB2)

New Hampshire enacts much of its housing policy inside HB2, the omnibus policy bill that accompanies each two-year budget. Every extracted section of the last three trailers was screened against the housing terms and hand-reviewed; this appendix lists the housing sections kept. **All votes on HB2 are on the whole trailer, never on one section.**

HB2 2021 — LAWS OF 2021, CHAPTER 91

468 sections; 6 housing-relevant after review. Final passage (whole bill): Senate 14–10 (2021-06-24); House 198–181 (2021-06-24).

Section	What it does	Weight
91:23	Suspended the state's congregate housing and congregate services programs for older adults (Medicaid waiver services) for the 2022-2023 budget years - a service cut, not an expansion.	adjacent
91:117	Created a study commission on business tax credit carry-overs that was told to examine letting companies put unused credit refunds into affordable housing development.	adjacent
91:195	Created the Office of Planning and Development inside the Department of Business and Economic Affairs - the state office that helps cities and towns with land use planning and housing data.	adjacent
91:240	Directed part of the state's renewable energy fund toward community solar projects that serve manufactured-housing communities and multi-family rental housing.	adjacent
91:376	Put \$25 million into the state's Affordable Housing Fund (run by New Hampshire Housing) to finance or match funding for affordable housing projects.	core
91:408	Put \$6 million into transitional housing beds - raising the rates paid for the beds and funding new ones for patients leaving New Hampshire Hospital and people with complex behavioral health needs.	core

Section	What it does	Weight

79:301	Repealed the Board of Manufactured Housing (RSA 205-A:25-31) effective September 1, 2023 - the state board where manufactured-home park residents and park owners could resolve disputes without going to court. A separate bill to restructure the board (SB203) died between the chambers the same year.	core
79:371	Created a land use review docket in the superior court - a dedicated court track for appeals of local planning and zoning decisions, intended to speed up housing-related land disputes.	core
79:462	Created the New Hampshire Housing Champion program: cities and towns that volunteer to adopt housing-friendly regulations, train land boards, and invest in water/sewer capacity earn a designation that unlocks state grants. This enacted the substance of SB145, which had passed the Senate 21-3 as a standalone bill.	core
79:464	Created the state staff positions to run the Housing Champion program.	core

COMPLETENESS CERTIFICATION (2020–2024)

The five OpenStates bulk session archives are complete mirrors of the official docket: 5,467 bills. [working/.../certify-universe.py](#) verified that (1) every collected 2020–2024 bill exists in that universe, (2) no bill in the set is missing votes the mirror knows about, and (3) every one of the 5,467 titles was swept with a wide-net housing vocabulary far broader than the issue’s search terms. All 237 wide-net matches not already in the set were reviewed by hand: 35 were added (tagged [supplement:universe-certification](#)) and 202 were excluded with per-bill categories (condominium governance, nursing homes, building-code administration, ‘House of Representatives’ false positives, tax mechanics, and similar) recorded in [working/.../certification-report.json](#). A 2020–2024 housing bill could be absent from this record only if its title avoids that entire vocabulary.

COLLECTION NOTES

Discovery: 40 search terms over SQL bill titles (current biennium) and roll-call titles (all years); every hit kept and hand-curated. ADUs was added after a known 2025 ADU law (HB577) was found missing — documented in the issue config. Supplemental discovery (S5b): 23 bills from 2020–2024 that moved only by voice or division vote were identified in year-end official/civic indexes and then resolved against archived official dockets and SQL roll calls ([working/.../supplement-older-bills.py](#)). One bulletin-derived candidate (2021 HB220) was found to be a non-housing bill on verification and removed. SB454’s 180–176 House tabling is a division-vote tally recorded in the official docket (House Journal 12, p. 86), not a roll call; it is the only vote number in the front brief that does not come from the SQL roll-call table. 2020–2024 completeness is limited to floor-voted bills plus HB2; no OpenStates/LegisScan key was available in this environment, so committee- and voice-vote-killed bills from those years are absent. The strict completeness checker passed with this gap documented in [sources/new-hampshire/housing-affordability/data-gaps.json](#). Re-running the [collect-nh](#) GitHub Actions workflow (which holds an `OPENSTATES_API_KEY` secret) would backfill them.

Every reality-map claim was verified programmatically against the evidence pack ([fact-check-reality-map.py](#); run passes).
The completeness fact-checker verdict was PASS_WITH_WARNINGS (empty search terms with no NH hits, plus one resolution title containing the word “should” — HR30, quoted nowhere in the brief).
