

Property Taxes and Revenue Needs in New Hampshire — Appendices

Long-form detail behind the legislative brief. 561 bills found for 2020–2026 (certified against the complete bill universe); 476 policy bills carry the headline numbers.

CONTENTS

Appendix A — Every bill in the set — Every bill: plain topic, theme, result, relevance tier

Appendix B — Theme scorecards and history baskets — Theme scorecards with baskets and stop patterns

Appendix C — Roll-call votes and support — Every floor roll call with party splits; high-support non-enactments

Appendix D — Sponsors and people — Sponsors and people

Appendix E — Where each bill ended — Where each policy bill ended

Appendix F — What this data can and cannot say — What this data can and cannot say

Appendix G — Bill-by-bill grid: sponsors, chamber votes, governor — Bill-by-bill grid: sponsors, chamber votes, governor

Appendix H — Inside the budget trailer (HB2) — Tax and revenue sections inside the budget trailer (HB2)

Appendix I — Sources and review notes — Claim-to-source mapping, certification, review status

Votes on HB2 (Appendix H) are on the whole budget trailer, never on a single section. Discovery is certified against the complete OpenStates bulk universe (2020–2024) and the complete official SQL legislation table (2025–2026) — see Appendices F and I.

Appendix A — Every bill in the set

One row per bill found by the property-tax and revenue search, 2020–2026. ‘Tier’ marks how central the bill is: core (tax or revenue policy), adjacent (touches the issue), or context (found by the keywords but not a tax bill; kept for audit and excluded from headline counts). Results come from official dockets and chaptered texts; Appendix E has each bill’s path.

Year	Bill	Plain topic	Theme	Result	Tier
2020	CACR1	Constitutional amendment directing a share of liquor commission revenue to alcohol and drug abuse prevention.	Meals and rooms, gaming, and other existing revenue streams	Did not pass	adjacent
2020	CACR17	Constitutional amendment allowing a new state broad-based tax only if it is used to reduce property taxes.	New or broad-based taxes and constitutional tax limits	Did not pass	core

Appendix B — Theme scorecards and history baskets

Each theme's track record, with its history basket: what similar ideas did before. Baskets describe the record; they are not advice. Counts cover the 476-bill policy set.

PROPERTY TAX RELIEF: EXEMPTIONS, CREDITS, AND DEFERRALS

80 bills · 16 became law · basket: **Got support but didn't finish** · certainty: high

The busiest relief thread and the one with real recent wins: veterans' credits and exemptions passed repeatedly (HB130 2020, HB1667 2022, HB1154 2024, HB99 2025, HB1494 2026), charitable-exemption law was rewritten (HB1055 2024), and SB83 (2025) built a state fund - financed by the new video lottery terminals - to reimburse towns for the elderly, disabled, blind, and deaf exemptions. What keeps dying is broad relief for ordinary homeowners: bills exempting or capping taxes for elderly homeowners (HB101, HB766, HB782, all 2025) and lower-income owners (HB1674 2026) were killed in the House, and the working-families refund program (SB95 2020) died on the Senate table.

Examples: 2020 HB1125, 2020 HB1139, 2020 HB1154, 2020 HB1197, 2020 HB1210, 2020 HB1248

ASSESSMENT, ABATEMENT, AND PROPERTY TAX ADMINISTRATION

45 bills · 20 became law · basket: **Mixed** · certainty: high

Administration moves quietly and often: the equalization-rate study (HB411 2021), the assessing certification board (HB1552 2022), the equalization manual in rules (HB285 2023), abatement rules (HB202 2024), abatement interest (SB317 2022), and LIHTC assessment (SB173 2025) all became law. Transparency bills aimed at taxpayers rather than assessors fare worse: more information on tax bills (SB252 2022), tax-change breakdowns (HB495 2025), revaluation notice (SB225 2025), and public notice of tax impacts (SB217 2025) were killed, and HB284 (2025) passed the House 198-160 before dying in the Senate - until HB138 (2025) put multi-year tax-impact notation on warrant articles and HB1807 (2026) extended it. Structural rewrites of assessment itself (cost-based value, HB1380 2026; the land value tax, HB1417 2026) died on the House floor.

Examples: 2020 HB1311, 2020 HB1421, 2020 HB1467, 2020 HB1490, 2021 HB126, 2021 HB324

THE STATEWIDE EDUCATION PROPERTY TAX AND SCHOOL FUNDING

96 bills · 12 became law · basket: **Got support but didn't finish** · certainty: high

The record's center of gravity: 112 policy bills. Aid formulas moved through budget trailers and a few standalone laws (SB420 2022 created extraordinary need grants; HB2 2025 added fiscal capacity disparity aid), but every structural SWEPT bill died: repeal (HB649 2023), replacement with a local contribution (HB527 2025), full state collection with an equalized rate (HB669 2025, HB675 2025 - the latter passed one House vote 190-185 before dying), excess-SWEPT remittance (HB1686 2024, HB137 2025), and the donor-town negative-rate fix (HB1385 2026). The ConVal school-funding litigation shadows all of it, and the 2025 trailer answered with a declaration of legislative authority (141:389) rather than a formula settlement.

Examples: 2020 HB1691, 2020 HB176, 2020 HB184, 2020 HB551, 2020 HB678, 2020 HB686

STATE BUSINESS TAXES: BPT AND BET

56 bills · 9 became law · basket: **Mixed** · certainty: high

The cuts came through budget trailers (2021: BPT 7.7 to 7.6, BET 0.675 to 0.55) and one standalone law (HB1221 2022, BPT to 7.5). Every bill pushing the other way died in the House: rate restorations (HB623 2020, HB10 2021-22, HB1422 2024), the low-wage-employer surcharge (HB1478 2022, killed 304-40), and the 2025 bills raising the education trust fund's share (HB255, HB318) - after which the 2025 trailer cut that share from 41 to 39 percent. Full-repeal bills (HB1546, HB1629, both 2026) also died: the settled zone is lower rates, not zero and not restoration.

Examples: 2020 HB1200, 2020 HB1423, 2020 HB1474, 2020 HB1567, 2020 HB623, 2020 SB223

THE INTEREST AND DIVIDENDS TAX

10 bills · 0 became law · basket: **Rarely moved before** · certainty: high

The tax was phased out (HB2 2021) and the repeal accelerated to January 1, 2025 (HB2 2023) - both inside budget trailers, never as a standalone law. Standalone bills on both sides died: faster-repeal bills (HB568 2022; HB100 2023-24, interim study) and adjustment bills (SB261 2023, killed 13-10; HB192 2024; HB1492 2024, interim study). Since the tax ended, no bill has proposed restoring it - the certified record contains no restoration attempt.

Examples: 2020 HB117, 2020 SB474, 2020 SB662, 2022 HB210, 2022 HB353, 2022 HB568

MEALS AND ROOMS, GAMING, AND OTHER EXISTING REVENUE STREAMS

60 bills · 13 became law · basket: **Mixed** · certainty: high

Gaming expands and rates stand still. The meals and rooms rate was cut inside HB2 2021 (9 to 8.5 percent); the one bill to raise it back (HB1480 2026) and the cut-plus-share bill (HB1204 2022) died. The communications services tax repeal was filed four times (HB1500 2022 through HB417 2026) and always ended in interim study. Gaming is where new money actually arrived: keno statewide and local games of chance (HB737 2025), extended keno hours (HB591 2025 and HB2 2025), historic horse racing with host-community revenue (SB472 2024), and video lottery terminals (HB2 2025) - while online gambling (SB104 2023, SB168 2025) kept dying.

Examples: 2020 CACR1, 2020 HB1110, 2020 HB1161, 2020 HB1477, 2020 HB1579, 2020 HB1652

NEW OR BROAD-BASED TAXES AND CONSTITUTIONAL TAX LIMITS

23 bills · 1 became law · basket: **Rarely moved before** · certainty: high

Nothing on this front passed in seven years, in either direction. New-tax bills died fast (the electronics tax HB1492 2020, killed 320-11; the vacancy tax HB1707 2026; the luxury second-home assessment HB1786 2026, tabled 189-158). So did every constitutional ban: the income-tax ban (CACR1 2021) won a majority 202-171 but fell short of three-fifths, as did the sales-tax ban (CACR2 2021) the two-thirds-for-new-taxes amendment (CACR15 2024, failed 183-185), and the 2026 tax-law-adoption amendments (CACR10, 194-158; CACR12, 193-148 after passing the Senate 16-8 - majorities, not three-fifths). Even studying revenue options was killed on the floor twice in 2026 (HB1636, 284-76; HB491, 195-157).

Examples: 2020 CACR17, 2020 HB114, 2020 HB1492, 2020 HB265, 2020 HB698, 2020 HB722

MUNICIPAL REVENUE, STATE AID, AND STATE BUDGET MECHANICS

43 bills · 8 became law · basket: **Got support but didn't finish** · certainty: high

The one big win rode a trailer: HB2 2021 created the meals-and-rooms municipal revenue fund after SB99 (2021) passed the Senate 24-0 and died on the table. The retirement-contribution state share - towns' most-filed ask - failed in every form except HB1221's one-time 7.5 percent payment (2022); HB1417 (2022) passed both chambers' floors and died at the Senate deadline, SB114 (2023) passed 23-0 then sat on the table, SB20 (2025) passed 23-0 and died at the deadline, and HB197 (2026) was killed 172-159. Local-option revenue died every time (occupancy fees and room assessments in 2020, 2022, 2023, 2024, 2025, and 2026; the gaming-facility enterprise-value tax HB688 2025), and revenue sharing went from suspended (every budget) to repealed outright (HB2 2025).

Examples: 2020 HB1160, 2020 HB352, 2020 HB482, 2020 HB497, 2020 HR16, 2020 SB484

CURRENT USE, TIMBER, UTILITY, AND OTHER PROPERTY-TAX BASES

24 bills · 10 became law · basket: **Mixed** · certainty: medium

Technical but consequential for small towns: the current-use formula (SB48 2021), renewable-PILOT agreements (HB64 2021), the timber tax (SB514 2024), power-generation assessing commissions (HB410 2022, SB225 2023, HB458 2024), and the utility-property/SWEPT treatment of generators (HB696 2025) all became law. The contested ground - changing current-use eligibility (HB1484 2024, HB1691 2026, SB504 2024) - keeps dying.

Examples: 2020 HB1155, 2020 HB1237, 2020 HB1631, 2020 SB511, 2021 HB467, 2021 HB64

SCHOOL DISTRICT AND MUNICIPAL CONSOLIDATION OR COOPERATION

18 bills · 5 became law · basket: **Often moved before** · certainty: medium

The legislature is active here - but in the opposite direction from the constituent proposal. What passed makes it easier to leave or absorb districts: withdrawal procedure laws (HB530 2023, HB1374 2026), Derry's absorption of its cooperative district (HB1331 2026), and cost-apportionment rules (HB152 2021). No bill in the certified record proposes state incentives for consolidating services or regionalizing. Consolidation MANDATES were filed and failed: consolidating school administrative units died in 2025 (HB765, unanimous ITL committee report) and sits in interim study in 2026 (HB1804), and the school-building consolidation planning bill (HB1818 2026) died on the Senate table. The other active thread is unilateral-withdrawal expansion (HB1644 2026, interim study).

Examples: 2021 HB152, 2022 HB1366, 2022 HB1399, 2022 HB1646, 2022 HB1679, 2023 HB394

TAX CAPS AND LOCAL BUDGET LIMITS

21 bills · 7 became law · basket: **Often moved before** · certainty: high

A live, moving front: tax-cap and budget-cap laws passed in 2021 (SB52), 2024 (HB1105, SB383), 2025 (HB200, HB374, and SB105 - town budget caps), and 2026 (HB1300, which puts school-district tax cap questions on the 2026 and 2028 state ballots). Override-procedure fights cut both ways, and loosening bills (HB1278, HB1528, HB1383, all 2026) died while the cap-tightening side kept winning.

Examples: 2021 CACR9, 2021 SB52, 2022 HB1194, 2022 HB1342, 2022 HB1393, 2022 SB329

Appendix C — Roll-call votes and support

Every floor roll call recorded for policy bills in the set, from the official General Court vote database. NH decides most bills by voice vote, so a bill with no row here still had floor action. Party splits show yes–no within each party where the roster records one (‘?’ = party not on record). Votes on HB2 (Appendix H) are on the whole budget trailer.

Year	Bill	Chamber	Date	Motion	Yes	No	Yes%	By party
2020	HB1160	House	2020-03-13	OTP	174	113	60.6	R 0–107, D 170–5, I 0–1

HIGH SUPPORT, NOT ENACTED

Bills that won a floor majority somewhere and still did not become law.

Bill	What it tried	Winning vote	What happened
2020 HB1160	Would have let municipalities collect an occupancy fee from local room-rental operators.	House 174-113 (OTP)	laid on the table in the Senate; never taken back up
2020 HB1423	Would have changed reporting on education tax credit scholarships.	House 192-135 (OTP)	laid on the table in the Senate; never taken back up
2020 HB1699	Would have created a tax on electronic cigarettes.	House 172-142 (OTP)	laid on the table in the Senate; never taken back up
2020 SB223	Would have raised the minimum gross business income requiring a business profits tax return.	Senate 24-0 (Ought to Pass)	laid on the table in the House; never taken back up
2021 CACR1	Constitutional amendment to prohibit an income tax on earned personal income.	House 202-171 (OTP)	failed to reach the three-fifths vote a constitutional amendment needs in the House
2021 CACR2	Constitutional amendment to prohibit any broad-based sales tax.	House 201-170 (OTP)	failed to reach the three-fifths vote a constitutional amendment needs in the House
2021 CACR3	Constitutional amendment to let tax money fund religious educational institutions.	House 197-175 (OTP)	failed to reach the three-fifths vote a constitutional amendment needs in the House
2021 HB242	Would have changed the content of an adequate education; vetoed.	Senate 13-9 (Ought to Pass)	vetoed (no override action recorded as of collection)
2021 SB118	Would have enacted the 'property tax relief act of 2021'.	Senate 13-11 (Ought to Pass)	laid on the table in the Senate; never taken back up
2021 SB128	Would have temporarily changed operator compensation under the meals and rooms tax.	Senate 22-2 (Ought to Pass w/Amendment)	passed its committee amendment 24-0, then was laid on the table in the Senate 24-0 with a Finance referral pending, and never taken back up (died at the bienniu
2021 SB13	Would have adopted an omnibus package of state tax and fee changes.	Senate 24-0 (OTPA Divide the Question Part II-IV)	laid on the table in the Senate; never taken back up
2021 SB82	Would have funded kindergarten adequate education grants with an appropriation.	Senate 24-0 (Ought to Pass)	killed on the House floor (Inexpedient to Legislate)
2021 SB99	Would have raised the share of meals and rooms tax revenue distributed to municipalities.	Senate 24-0 (Ought to Pass)	laid on the table in the Senate; never taken back up
2022 HB1194	Would have changed the procedure for overriding a local tax cap.	House 183-146 (OTP)	killed on the Senate floor (Inexpedient to Legislate)
2022 HB1298	Would have changed eligibility for the education tax credit.	House 159-152 (OTP)	killed on the Senate floor (Inexpedient to Legislate)
2022 HB1417	Would have restored a state share of local employers' retirement system contributions.	Senate 22-2 (Ought to Pass)	killed at the Senate's end-of-year deadline (Senate Rule 3-23)
2022 SB333	Case-management licensure bill carrying a state-share-of-retirement-contributions rider; died between the chambers.	House 170-164 (Adopt Floor Amendment)	Senate refused to accept the other chamber's changes; no conference

Bill	What it tried	Winning vote	What happened
2023 CACR7	Constitutional amendment to let tax money fund religious educational institutions; failed the three-fifths threshold 192-191.	House 192-191 (OTP)	failed to reach the three-fifths vote a constitutional amendment needs in the House
2023 HB440	Would have changed the permitted uses of the education trust fund.	Senate 14-10 (Ought to Pass w/Amendment)	killed on the Senate floor (Inexpedient to Legislate)
2023 SB104	Would have regulated online gambling and directed proceeds to community college scholarships.	Senate 13-11 (Ought to Pass w/Amendment)	indefinitely postponed by the House
2023 SB114	Would have restored a state share of local employers' retirement system contributions.	Senate 23-0 (Ought to Pass)	laid on the table in the Senate; never taken back up
2024 HB1517	Would have tied the statewide education property tax to excess games-of-chance revenue.	House 196-184 (OTP)	killed on the House floor (Inexpedient to Legislate)
2024 HB1656	Would have changed special-education adequacy grant amounts; interim study.	House 349-26 (OTPA)	sent to interim study by the Senate
2024 HB546	Would have changed the school building aid program; interim study.	House 182-178 (OTP)	sent to interim study by the Senate
2024 SB504	Would have changed current use land rules; died between the chambers.	Senate 14-10 (Ought to Pass w/Amendment)	House refused the other chamber's request for a conference committee
2025 HB284	Would have required tax impact statements on municipal warrant articles; passed the House, killed on the Senate floor.	House 198-160 (OTPA)	killed on the Senate floor (Inexpedient to Legislate)
2025 HB675	Would have raised the statewide education property tax and required towns to remit the excess to the state.	House 190-185 (OTPA)	killed on the House floor (Inexpedient to Legislate; reconsideration failed)
2025 SB20	Would have restored a state share of local employers' retirement system contributions; died at the Senate's deadline.	Senate 23-0 (Ought to Pass)	killed at the Senate's end-of-year deadline (Senate Rule 3-23)
2026 CACR10	Constitutional amendment on the adoption of tax laws; won a House majority 194-158 but fell short of three-fifths.	House 194-158 (OTPA)	failed to reach the three-fifths vote a constitutional amendment needs in the House
2026 CACR12	Constitutional amendment on the adoption of tax laws; its amended version won a House majority 193-148 but fell short of three-fifths.	Senate 16-8 (Ought to Pass)	failed to reach the three-fifths vote a constitutional amendment needs in the House
2026 HB1121	Would have defined the cost of an adequate education.	House 187-152 (OTPA)	laid on the table in the Senate; never taken back up
2026 HB366	Would have changed the priority of school building aid applications.	House 196-151 (Adopt Amendment)	killed on the Senate floor (Inexpedient to Legislate)
2026 SB513	Would have required an owner's project manager on school building aid projects; died between the chambers.	Senate 16-8 (Ought to Pass)	Senate refused to accept the other chamber's changes; no conference

Bill	What it tried	Winning vote	What happened
2026 SB643	Would have required municipal documentation of budget and tax cap compliance; died between the chambers.	Senate 16-8 (Ought to Pass w/Amendment)	Senate refused to accept the other chamber's changes; no conference

Appendix D — Sponsors and people

Sponsors come from the official database (2025–2026, with party labels) and the OpenStates bulk sponsorship files (2020–2024); where the bulk files carry no prime flag, the first-listed sponsor is treated as prime (New Hampshire lists the prime sponsor first). Party labels exist only on the 2025–2026 layer. No judgment of any legislator is implied — these are counts of who filed what.

FREQUENT PRIMARY SPONSORS

Name	Party	Bills as prime sponsor
Timothy Lang	R	22
Rick Ladd	R	13
Diane Pauer	R	13
Thomas Schamberg	D	12
David Luneau	D	10
John Janigian	R	10
Sallie Fellows	D	9
Jay Kahn	?	8
Glenn Cordelli	R	8
Michael Cahill	D	7
Kevin Avard	R	7
Joe Sweeney	R	7

Cross-party sponsor teams appeared on **46** policy bills (both major parties among named sponsors; party labels exist only for 2025–2026, so this understates).

PRIMARY SPONSORS BY BILL

Appendix E — Where each bill ended

The end of each policy bill's path, from official dockets (the state database for 2025–2026; the OpenStates mirror of the GenCourt docket for 2020–2024). Appendix F explains the coverage limits.

Year	Bill	Where it ended
2020	CACR1	killed on the House floor (Inexpedient to Legislate)
2020	CACR17	killed on the House floor (Inexpedient to Legislate)
2020	HB1110	killed on the House floor (Inexpedient to Legislate)
2020	HB1125	killed on the House floor (Inexpedient to Legislate)
2020	HB1139	killed on the House floor (Inexpedient to Legislate)
2020	HB114	killed on the House floor (Inexpedient to Legislate)
2020	HB1154	killed on the House floor (Inexpedient to Legislate)
2020	HB1155	killed on the House floor (Inexpedient to Legislate)
2020	HB1160	laid on the table in the Senate; never taken back up
2020	HB1161	laid on the table in the Senate; never taken back up
2020	HB117	sent to interim study by the House
2020	HB1197	killed on the House floor (Inexpedient to Legislate)
2020	HB1200	laid on the table in the Senate; never taken back up
2020	HB1210	killed on the House floor (Inexpedient to Legislate)
2020	HB1237	laid on the table in the Senate; never taken back up
2020	HB1248	committee recommended Ought to Pass but the House never took a floor vote before the session ended
2020	HB130	became law (Chapter 1)
2020	HB1311	laid on the table in the Senate; never taken back up
2020	HB1406	laid on the table in the Senate; never taken back up
2020	HB1421	laid on the table in the Senate; never taken back up
2020	HB1423	laid on the table in the Senate; never taken back up
2020	HB1467	killed on the House floor (Inexpedient to Legislate)
2020	HB1474	killed on the House floor (Inexpedient to Legislate)

Year	Bill	Where it ended
2020	HB1477	laid on the table in the Senate; never taken back up
2020	HB1490	laid on the table in the Senate; never taken back up
2020	HB1492	killed on the House floor (Inexpedient to Legislate)
2020	HB1510	killed on the House floor (Inexpedient to Legislate)
2020	HB1533	laid on the table in the House; never taken back up
2020	HB1567	sent to interim study by the House
2020	HB1579	killed on the House floor (Inexpedient to Legislate)
2020	HB1631	killed on the House floor (Inexpedient to Legislate)
2020	HB1652	killed on the House floor (Inexpedient to Legislate)
2020	HB1661	killed on the House floor (Inexpedient to Legislate)
2020	HB1691	House committee recommended Inexpedient to Legislate; no final floor action recorded in the docket
2020	HB1699	laid on the table in the Senate; never taken back up
2020	HB176	killed on the House floor (Inexpedient to Legislate)
2020	HB184	killed on the House floor (Inexpedient to Legislate)
2020	HB265	killed on the House floor (Inexpedient to Legislate)
2020	HB274	laid on the table in the Senate; never taken back up
2020	HB352	killed on the House floor (Inexpedient to Legislate)
2020	HB479	sent to interim study by the Senate
2020	HB482	killed on the House floor (Inexpedient to Legislate)
2020	HB497	killed on the House floor (Inexpedient to Legislate)
2020	HB551	killed on the House floor (Inexpedient to Legislate)
2020	HB623	killed on the House floor (Inexpedient to Legislate)
2020	HB653	killed on the House floor (Inexpedient to Legislate)

Appendix F — What this data can and cannot say

Plain-language limits of the collected record. Anyone quoting the brief should know these.

Bill discovery is certified complete for the issue vocabulary: 2020-2024 was collected from the OpenStates bulk CSVs, a full mirror of the official docket (5,467 bills), and every bill in those five sessions was additionally swept with a wide-net tax/revenue vocabulary; all matches were either included or individually reviewed and categorized as out of scope (certification-report.json). 2025-2026 comes complete from the official state database. A tax bill could be absent only if its title avoids the entire wide-net vocabulary.

Bills that span a biennium (e.g. filed 2023, decided 2024) appear once per year in the annual files; first-year records are marked carryover duplicates and counted once.

Sponsor names exist for nearly every bill (SQL for 2025-2026, OpenStates bulk sponsorship files for 2020-2024); party labels exist only on the 2025-2026 layer, so cross-party counts understate the true number.

NH kills most bills by voice vote or on the consent calendar; a bill with no roll call is not necessarily uncontroversial.

Committee votes appear only where a committee report recorded them (e.g. 'Vote 12-7; RC' in the docket); there is no complete committee-vote table.

Roll-call party splits use the legislators table; a few older ballots have no party on record (shown as '?').

HB2 votes are on the whole budget trailer; they are never attributable to a single tax or revenue section.

The three HB2 bill records themselves (2021, 2023, 2025) are kept in the collected set as context so the trailer's sections (analyzed in Appendix H) are not double-counted in bill totals.

The full machine-readable record — bills, votes, ballots, dockets, HB2 sections, and per-claim evidence — lives in the repository under [sources/new-hampshire/property-taxes/](#) and [working/new-hampshire/property-taxes/](#).

Appendix G — Bill-by-bill grid: sponsors, chamber votes, governor

One row per bill: year, number, subject, prime sponsor, each chamber’s decisive floor vote, and the Governor’s action. New Hampshire decides most bills by voice or division vote, which record no tallies — those cells say so rather than invent numbers (‘—’ means the bill never reached that chamber). Every recorded roll call, with party splits, is in Appendix C; where each bill ended is in Appendix E. Prime sponsors for 2020–2024 come from the OpenStates sponsor files; where those files carry no prime flag, the first-listed sponsor is shown (New Hampshire lists the prime sponsor first).

Year	Bill	Title/subject	Prime sponsor	House vote	Senate vote	Governor
2020	CACR1	Constitutional amendment directing a share of liquor commission revenue to alcohol and drug abuse prevention.	—	killed (voice/division)	—	—

Appendix H — Inside the budget trailer (HB2)

New Hampshire makes much of its tax law inside HB2, the omnibus policy bill that accompanies each two-year budget. Every extracted section of the last three trailers was screened against the tax and revenue terms and hand-reviewed; this appendix lists the sections kept (three rate sections the term matcher missed were added by hand and flagged in the working files). **All votes on HB2 are on the whole trailer, never on one section.**

HB2 2021 — LAWS OF 2021, CHAPTER 91

468 sections; 29 tax/revenue-relevant after review. Final passage (whole bill): Senate 14–10 (2021-06-24); House 198–181 (2021-06-24).

Section	What it does	Weight
91:26	Capped how fast county payments to the state for long-term care can grow (2 percent a year for the biennium) - the reimbursement stream counties raise through county property taxes.	adjacent
91:48	Suspended revenue sharing with cities and towns (RSA 31-A) for another biennium - the general-fund aid stream that had been suspended in every budget since 2010.	core
91:51	Let districts use their higher pre-pandemic or pandemic-year enrollment count for fiscal 2022 aid, so pandemic enrollment drops would not cut adequacy grants.	adjacent
91:55	Moved \$35 million of education trust fund surplus into a restricted account to fund additional school relief aid in fiscal years 2022 and 2023.	adjacent
91:60	Rewrote what the education trust fund may pay for - adequacy grants, the low and moderate income homeowners' property tax relief program, and the new education freedom accounts among them.	adjacent
91:61	Transferred \$1 million a year from the education trust fund to the public school infrastructure fund in each year of the biennium.	adjacent
91:69	Suspended the earmark that sends a slice of meals and rooms revenue to the state's travel and tourism division for the biennium.	adjacent
91:74	Froze new state aid grants for local water, wastewater, and landfill infrastructure projects for the biennium (existing commitments kept) - deferring a municipal aid stream.	adjacent
91:87	Raised the cap on the rainy day fund (revenue stabilization reserve) to 10 percent of general fund revenue, letting the state bank more surplus.	adjacent
91:89	Began phasing out the interest and dividends tax: the 5 percent rate drops to 4 percent in 2023, 3 percent in 2024, 2 percent in 2025, and 1 percent in 2026 - the schedule the full repeal rides on.	core
91:99	Repealed the interest and dividends tax (RSA 77) outright, effective January 1, 2027 - the end point of the phase-out schedule. (The 2023 trailer later moved this date up to 2025.)	core

Section	What it does	Weight
91:103	Cut the meals and rooms tax rate from 9 percent to 8.5 percent, effective October 2021 - the tax's first rate cut; its revenue feeds the general fund, the education trust fund, and the towns' share.	core
91:106	Raised the business enterprise tax filing thresholds to \$250,000 of receipts or tax base, dropping the smallest businesses out of the filing pool.	adjacent
91:109	Cut the business enterprise tax rate from 0.675 percent to 0.55 percent for tax periods ending on or after December 31, 2022, and repealed the earlier revenue-trigger contingencies.	core
91:110	Cut the business profits tax rate from 7.7 percent to 7.6 percent for tax periods ending on or after December 31, 2022, deleting the contingency that could have raised it back to 7.9 percent.	core
91:112	Rewrote how meals and rooms tax money is shared: created the dedicated meals and rooms municipal revenue fund, with the towns' share (after administration and the education trust fund's cut) distributed to every city and town by population - the change that pushed the local share toward the statutory 30 percent.	core
91:115	Limited how much overpaid business profits tax can be carried forward as a credit (to 500 percent of the current year's tax), with the rest refunded.	adjacent
91:116	Applied the same 500 percent carry-forward limit and refund rule to business enterprise tax overpayments.	adjacent
91:117	Created a commission to study limiting the business tax credit carry-over - including whether unused credit refunds could be redirected to other uses.	adjacent
91:295	Updated the annual tax expenditure report statute - the report that tells lawmakers what each tax credit and exemption costs in forgone revenue.	adjacent
91:313	Extended annual school building aid lease grants to more kinds of district lease arrangements.	adjacent
91:315	Made full-day kindergarten adequacy grants a standing charge on the education trust fund every year, ending the keno-revenue-dependent formula.	adjacent
91:316	Appropriated \$1.9 million to top up fiscal 2021 kindergarten and adequacy grant payments.	adjacent
91:320	Appropriated \$30 million from the education trust fund for school building aid on new projects - construction costs that otherwise land on local property taxes.	core

Section	What it does	Weight
91:322	Cut the statewide education property tax (SWEPT) for fiscal year 2023: the commissioner sets the rate to raise \$263 million instead of the usual \$363 million target - a one-year, \$100 million property-tax reduction.	core
91:323	Guaranteed that no municipality's total education grant would fall because of the SWEPT cut: the state makes up any decrease with a supplemental payment.	core
91:332	Let municipalities accept and spend federal American Rescue Plan money as 'unanticipated revenue' without a town-meeting vote.	adjacent
91:431	Created the education freedom account (EFA) program - per-pupil adequacy money following students out of public schools, paid from the education trust fund; the fund's biggest new draw.	adjacent
91:469	Created a business enterprise tax credit worth 50 percent of premiums an employer pays into the new Granite State paid family leave plan.	adjacent

HB2 2023 — LAWS OF 2023, CHAPTER 79

612 sections; 25 tax/revenue-relevant after review. Final passage (whole bill): House 326–53 (2023-06-08).

Section	What it does	Weight
79:67	Restated the Board of Tax and Land Appeals as a 3-member body of tax-law experts - the state board that hears property tax abatement appeals.	adjacent
79:83	Put \$10 million from the education trust fund into the public school infrastructure fund for school construction and safety projects.	core
79:85	Rewrote the interest and dividends tax schedule to end at 3 percent in 2024: the previous 2 percent (2025) and 1 percent (2026) steps were deleted so the tax stops a full two years early.	core
79:86	Moved the final interest-and-dividends return filing rules from 2027 to 2025 to match the accelerated repeal.	core
79:88	Changed the repeal's effective date: the interest and dividends tax now ends January 1, 2025 instead of 2027.	core
79:109	Suspended revenue sharing with cities and towns (RSA 31-A) for the 2024-2025 biennium - again.	core
79:137	Reduced the education trust fund appropriation earmarked for education freedom accounts by \$10 million in each year of the biennium, an accounting true-up to actual enrollment.	adjacent
79:138	Re-enacted the education trust fund statute, restating everything the fund may pay for - adequacy grants, homeowners' property tax relief, EFAs, court-ordered placements, and school building aid among them.	adjacent
79:141	Changed special education state aid so districts are reimbursed for costs above 3.5 times the state average per-pupil cost - catastrophic costs that otherwise hit local budgets.	adjacent
79:143	Shifted liability for certain court-ordered placements of children with disabilities, defining when the state rather than the school district pays.	adjacent
79:144	Appropriated \$9.2 million from the education trust fund for court-ordered placement costs.	adjacent
79:147	Appropriated \$12.5 million from the education trust fund for the Sugar River Valley career and technical education renovation project.	adjacent
79:148	Appropriated \$7.6 million from the education trust fund for the Winnisquam regional CTE renovation project.	adjacent
79:150	Rewrote the cost of an adequate education: base per-pupil aid rises to \$4,100 with larger add-ons for free-and-reduced-lunch, special education, and English learners - the state share that offsets local school property taxes.	core

Section	What it does	Weight
79:153	Rewrote extraordinary need grants for 2023 - extra aid scaled to a town's equalized property value per pupil, targeting the towns with the weakest tax bases.	core
79:154	Set the 2025-and-after version of extraordinary need grants, extending the property-poor-town aid formula.	core
79:156	Rewrote how each municipality's total education grant is determined, including hold-harmless rules so no town's grant falls below prior levels while the new formula phases in.	core
79:191	Fixed the education trust fund's share of the business profits tax at 41 percent of revenue - replacing the old 'increase attributable to' formula with a straight statutory split.	core
79:192	Fixed the education trust fund's share of the business enterprise tax at 41 percent of revenue, the same straight split.	core
79:248	Updated the population-estimate process that determines each town's share of the meals and rooms tax distribution.	adjacent
79:264	Appropriated \$315,700 from the education trust fund for new full-day kindergarten adequacy grants.	adjacent
79:266	Converted the assessing certification board into an advisory board inside the office of professional licensure - the body that certifies the assessors who set property values (companion sections 79:267-269 carry the details).	adjacent
79:349	Extended the Department of Revenue Administration's revenue information management system account - the tax-collection IT system funded from the extra revenue it captures.	adjacent
79:512	Appropriated \$15 million in each of fiscal 2026 and 2027 for payments to communities for wastewater projects - state aid the 2025 trailer would later repeal before it was paid.	adjacent
79:583	Created a study commission on the recent charitable gaming law changes, including the newly authorized historic horse racing machines - the fastest-growing state gaming revenue stream.	adjacent

HB2 2025 — LAWS OF 2025, CHAPTER 141

461 sections; 32 tax/revenue-relevant after review. Final passage (whole bill): Senate 16–8 (2025-06-26); House 184–183 (2025-06-26).

Section	What it does	Weight
141:26	Legalized video lottery terminals (slot-machine-style VLTs) at licensed charitable gaming facilities: the state collects 31 percent of gross machine revenue, split 75 percent to the general fund and 25 percent to the lottery's special fund - the budget's biggest new revenue source.	core
141:79	Amended the education trust fund's purpose list, including how court-ordered placement costs are paid.	adjacent
141:80	Capped the education trust fund's balance: any surplus over \$20 million at the close of a biennium is swept into the general fund.	core
141:83	Moved the final determination of education grants to October 1 and guaranteed each municipality at least 95 percent of its estimated grant.	adjacent
141:111	Repealed RSA 31-A, revenue sharing with cities and towns, outright - the municipal aid statute suspended in every budget since 2010 is now off the books entirely.	core
141:112	Repealed the 2023 budget's \$30 million in wastewater state aid payments to communities before the money went out.	core
141:132	Cut the education trust fund's share of the business profits tax from 41 percent to 39 percent, keeping more business tax revenue in the general fund.	core
141:133	Cut the education trust fund's share of the business enterprise tax from 41 percent to 39 percent.	core
141:134	Rewrote the tobacco tax split: 39 percent of tobacco revenue to the education trust fund, the rest to the general fund.	core
141:135	Rewrote the real estate transfer tax split: 39 percent to the education trust fund, the rest to the general fund.	core
141:139	Authorized drawing down the rainy day fund to cover a fiscal 2025 general-fund deficit, if the audit finds one.	adjacent
141:187	Created a 'granite patron of the arts' business profits tax credit for half of donations to the new state arts fund.	adjacent
141:188	Let unused granite patron of the arts credits apply against the business enterprise tax.	adjacent
141:223	Delayed the annual 2 percent inflation adjustment of per-pupil adequacy aid to July 2026 - a pause in the automatic growth of state school aid.	core

Section	What it does	Weight
141:224	Re-enacted the extraordinary need grant formula - the extra aid tied to a town's equalized property value per pupil.	core
141:225	Created fiscal capacity disparity aid: up to \$1,250 extra per pupil for municipalities with less than \$1 million of equalized property value per pupil, phasing out by \$1.6 million - aid aimed squarely at property-poor towns.	core
141:226	Rewrote how each municipality's education grant is computed to fold in the new fiscal capacity disparity aid.	core
141:276	Restructured special education state aid administration and reimbursement - the catastrophic-cost aid that shields local budgets.	adjacent
141:278	Rewrote the funding rule for statewide special education programs.	adjacent
141:320	Ordered the governor to raise general fund revenues or cut appropriations by a combined \$16 million per year for the biennium, on top of the budget's line items.	adjacent
141:328	Made an extra appropriation contingent on fiscal 2026 revenues beating the plan - surplus-triggered spending rather than committed dollars.	adjacent
141:340	Adjusted the Board of Tax and Land Appeals quorum rules - the board that hears property tax appeals, now also backstopping the housing appeals board.	adjacent
141:351	Charged a study committee with weighing a state film office and an accompanying tax credit - a potential new tax expenditure.	adjacent
141:358	Created a tax amnesty program: back taxes paid during the amnesty window owe no penalties and only half the usual interest - a one-time revenue catch-up.	core
141:359	Appropriated \$50,000 to the Department of Revenue Administration to run the tax amnesty program.	adjacent
141:379	Appropriated \$2.5 million in each of fiscal 2026 and 2027 for payments to communities - the much smaller replacement for the repealed \$30 million wastewater aid.	adjacent
141:389	Declared the legislature's position on the Claremont school-funding rulings - asserting that defining and funding an adequate education is the legislature's prerogative, while the statewide education property tax and adequacy formula remain under active court challenge.	core
141:399	Appropriated \$400,000 a year from the education trust fund for adult high school education programs.	adjacent
141:401	Made the education and revenue departments jointly maintain school accounting standards - the books behind local school tax rates.	adjacent

Section	What it does	Weight
141:403	Appropriated \$1.5 million a year from the education trust fund for statewide student learning platforms.	adjacent
141:404	Removed the 11 a.m.-to-1 a.m. window on keno games, letting licensees run keno all business hours - keno revenue funds kindergarten aid.	adjacent
141:405	Authorized advance deposit account wagering on horse racing, with the tax on wagers flowing partly to the education trust fund.	adjacent

The section-by-section review (including every candidate excluded as a false keyword match, with reasons) is in [working/new-hampshire/property-taxes/hb2-sections.md](#).

Appendix I — Sources and review notes

Reviewer-facing material: where every brief claim comes from, how the record was collected, and what to re-check. Nothing in this appendix appears in the citizen-facing brief.

Brief claim	Source
HB1807 (2026) House 185–150, Chapter 312; SB600 Chapter 141; HB1300, HB1331 (193–157), HB1374 (CofC 179–161) chapters	S1 roll calls + dockets
SB83 (2025) Chapter 16 (2026); exemption-reimbursement fund + VLT funding	S1 docket + legislationtext ; HB2 2025 141:26 for the VLT authorization
Homestead-exemption tries: HB1387 (2022) killed, HB1034 (2024) interim study, HB1648 (2026) interim study	S4/S1 dockets
Never-filed claims (I&D restoration; consolidation incentives)	S5 certification-report.json (2020–2024 bulk sweep) and certification-current.json (2025–2026: the identical wide net over all 2,234 titles in the official SQL legislation table, every candidate human-reviewed)
Vetoes (HB242 2021; SB63 2023; HB1102, HB1565 2026)	S1/S4 dockets (“Vetoed by Governor”)
27 laws of 2025–2026 listed in “Already law”	S1 dockets (“Signed by Governor ... Chapter N”)
Sponsor counts and 40 cross-party bills	S1 sponsors (2025–2026) + S4 bulk sponsorships (2020–2024) — evidence-pack.json people signals
Federal overlap statements (SALT deduction, IDEA/Title I, Wayfair, federal corporate tax, wire/horseracing law)	Descriptive statements of federal law; the NH bills cited (HCR10 2024, HB1097 2022, HB114/HB265 2020, HB1668 2026, SB484 2020) are in the pack

COMPLETENESS CERTIFICATION (2020–2024 AND 2025–2026)

The five OpenStates bulk session archives are complete mirrors of the official docket: 5,467 bills. [working/.../certify-universe.py](#) verified that (1) every collected 2020–2024 bill exists in that universe, (2) no bill in the set is missing votes the mirror knows about, and (3) every one of the 5,467 titles was swept with a 46-pattern wide-net tax/revenue vocabulary far broader than the issue’s search terms. All 235 wide-net matches not already in the set were reviewed by hand: 34 were added (tagged [supplement:universe-certification](#)) and 201 were excluded with per-bill categories (cannabis bills, transportation tolls, education testing ‘assessment’ false positives, condominium assessments, right-to-know exemptions, and similar) recorded in [working/.../certification-report.json](#) and summarized in [certification-report.md](#). A 2020–2024 tax or revenue bill could be absent from this record only if its title avoids that entire vocabulary.

The same net was then applied to the complete current biennium ([certify-current-biennium.py](#)): all 2,234 bills in the official SQL legislation table for 2025–2026 were swept, 31 real misses were added ([supplement:universe-certification-current](#) — including two missed laws in the transparency and budget-cap threads, HB138 and SB105) and 86 candidates were excluded with per-bill categories ([certification-current.json](#) / [.md](#)).

COLLECTION NOTES

Discovery: 45 search terms over SQL bill titles (current biennium) and the OpenStates bulk titles+abstracts (2020–2024); every hit kept and hand-curated. Substring traps (bare “tax”, “assessment”, “homestead”, “rooms and meals” ordering) are documented in the issue config.

Dispositions: SQL dockets for 2025–2026 (including bills whose docket is keyed to the other biennium year, e.g. 2025 HB649/SB83); the bulk docket mirror for 2020–2024, with biennium continuation rows appended for first-year bills (e.g. 2021 SB128’s 2022 fate). One manual resolution (2021 SB128) documents its evidence: same-day docket rows lose intra-day order in the mirror.

The three HB2 bill records (2021, 2023, 2025) are curated as context so the trailer’s sections (Appendix H) are not double-counted in bill totals.

HB675’s January 2026 death is the only brief vote number that is not a roll call: the docket records the failed reconsideration as a division vote (170–185), and the brief labels it as such.

Every reality-map claim was verified programmatically against the evidence pack ([fact-check-reality-map.py](#); run passes). The brief was scanned programmatically ([scan-lege-brief.py](#)): no advice language, all 99 cited bills exist in the pack, every vote pair matches the official record (two documented docket-tally exceptions: HB675’s 170–185 division vote and HB765’s 18–0 recorded committee vote, both labeled as such).

The strict completeness checker verdict was PASS_WITH_WARNINGS (three search terms with no NH hits: [revaluation](#), [tax deferral](#), [excise](#) — kept for future sessions and documented).

REVIEW STATUS

Automated review: `scan-lege-brief.py` and `fact-check-reality-map.py` both pass; LibreOffice page checks recorded in `PACKAGE.md`.

Human review: pending — this packet is the draft for that review.
